Lifestyle Parks

The focal scene of residential villas... Live among a line of trees with manifold garden types—small gardens and open lawns for quietude, plus other features that add to the natural character for a precious time with your kids, family leisure and bbqs.

T H E R I D G E P A R K

Located north of villas and south of the primary loop road, we paid special attention to the nature all around when we thought of the ridge park, one that will bring paths closer for a glorious view of the cliff, quarry and club amenities. With nature all around, you'll come to enjoy your bicycle ride or walk. It's simply the community's heart, featuring the very native trees!

COURTYARD PARKS

Neighboring the northern suburban, courtyard parks will make sure buildings are always purified... And as you walk, natural sceneries will be hugging you.

The Quarry

Such a sublime element. A marvelous mix of blue and green, where the natural quarry. Dig in the pond with a stunning breathtaking quarry garden. Sit back relax; this one will take your breath away, with the sunlight lending you a hand for a picnic, familial warmth. Name it.
